The aim of the PE enrichment activities for students at Wargrave House School and College is to provide students with additional physical activities to broaden and enrich their learning experiences. The physical activities naturally support the development of their health and well-being and provide opportunities to develop confidence through a variety of different challenges.

A final report of the impact of this expenditure will be published in September 2018, once student progress data has been finalised.

#### **Allocation and plan for expenditure 2017-18**

<b>Number of students and PE and Sports Premium allocation</b>	
Total number of students on roll	44
Total number of students eligible for PE and Sports Premium	10
Amount of PE and Sports Premium received per student	£500.00
Total amount of PE and Sports Premium received	£5000.00
Brought forward from 2015-16	£1835.00

<b>Summary of PE and Sports Premium proposed spending 2017-18</b>		
<b>Provision</b>	<b>Salary/Cost</b>	<b>Total</b>
20 lessons per student	£20.00 each for 10 students	£4000.00 per student
2 day consolidation per student	£900.00 x 2	£1800.00
TSA support for riding sessions	£50.00 per afternoon for 20 sessions	£1000.00
	<b>Grand Total</b>	<b>£6800.00</b>

This year the focus will be on horse riding sessions at Croft riding Centre that will enable students to learn to ride safely with the support of trained professionals.

Vestibular input is one of the core pre requisites to motor coordination. It provides the primary input about movement, balance, spatial awareness and positioning. It helps students prepare their posture, maintain their balance, properly use their vision, calm themselves and regulate their behavior. Horse riding will allow movement and vestibular stimulation in a fun, meaningful way.

Individual targets related to vestibular stimulation and coordination will be reviewed each term and reported to the governing body.

Student progress will also be measured against individual B Squared PE targets (relating to selecting and applying skills and evaluating and improving performance) and reported to the governing body termly.

Horse riding sessions will start in November 2017.
