As such we provide the opportunity for our learners to apply for positions at our School Bank, Shop and Barista Bar through a full recruitment process. This encourages learners to build positive working relationships; develop their interpersonal and communication skills; explore different social situations whilst learning how to problem solve. Our learners also benefit from demonstrating their personal skills in work-based scenarios through careers and enterprise week activities, events and workshops.

Learners access an outdoor learning space at the Puddle every week. This encourages our learners to use their personal skills and qualities to provide a positive experience for the wider community. This could be through planting fruit, vegetables and plants in the poly tunnel or around the site; tidying the public areas and caring for the animals onsite. Learners may also use construction skills to make interactive games or furniture to use around the site. As part of our curriculum offer, learners are also access outdoor education sessions through the year. Activities include gorge walking, bikes for all, rock climbing, abseiling, orienteering, archery. Activities are updated on a regular basis. This provides further opportunities for our learners to practice their functional communication, interpersonal, vocational and problem-solving skills. KS4 learners are also offered the opportunity to visit local colleges, universities and educational institutes to explore their future options, including which skills are required to access courses etc.

#### Preparation for life

Our learners consolidate their skills and qualities by access preparation for life areas linked to thec EHCP areas of need. They explore content in 5 key areas that align with the preparation for adulthood framework, as set out below:

# Capital of culture
